(ii) if the relevant assets are being neither replaced nor repaired, the Book Value of the affected tangible assets as of the Date of Calculation; and

(b) in the case of Permanent Loss of Use, the Net Book Value of the Project Enterprise as of the Date of Calculation.

ARTICLE 6. ARBITRAL AWARD DEFAULT COVERAGE

6.1 Covered Risks for Arbitral Award Default. “Arbitral Award Default” means the inability of the Guarantee Holder or the Project Enterprise to enforce an Award against the Host Government, if the Guarantee Holder and the Project Enterprise, as applicable, have made all reasonable efforts to do so, including initiating and participating in appropriate judicial proceedings, for the duration of the Waiting Period; provided, however, that it does not constitute Arbitral Award Default by a State-Owned Enterprise, public authority, or regulatory
authority if as of the Date of Loss such entity is no longer under the Control of a Governing Authority, unless the Governing Authority is otherwise legally liable for its obligations.

6.2 **Compensation Amount for Arbitral Award Default.** Subject to Articles 7, 8, 9, and 10:

(a) compensation for a Loss Caused by Arbitral Award Default is the Percentage of Cover of the Guarantee Holder’s Share of the Award, less

(b) the amount of any Provisional Payments that have been made pursuant to Section 6.3, as of the Date of Calculation.

6.3 **Provisional Payments.** Prior to payment of compensation for Arbitral Award Default, MIGA may, in its sole discretion, make one or more Provisional Payments (normally in an aggregate amount not more than 50% of the Current Amount of Guarantee), if:

(a) the Guarantee Holder or the Project Enterprise, as applicable, has not been able to obtain an Award within a period of 180 consecutive days from initiating the Dispute Resolution Procedure (x) for breach of a Specified Contractual Obligation, or (y) for repudiation of a Specified Project Agreement, and the Guarantee Holder has made a request for Provisional Payments after such time period has elapsed;

(b) MIGA has received an advisory report from an expert following administered expert proceedings as described in Annex 4; and

(c) at MIGA’s request, the Guarantee Holder has provided MIGA with an irrevocable financial guarantee in form and substance, and from a guarantor, acceptable to MIGA, to secure repayment by the Guarantee Holder to MIGA of the Provisional Payments as follows:

(i) if the Award is rendered against the Guarantee Holder, the Project Enterprise or both, the Guarantee Holder shall repay the Provisional Payments in full;

(ii) if the Award is rendered in favor of the Guarantee Holder, the Project Enterprise or both, but the awarded amount is less than the Provisional Payments, the Guarantee Holder shall repay the difference;

(iii) if the Guarantee Holder or the Project Enterprise receives compensation from the Host Government based on the Award, the Guarantee Holder shall repay the Provisional Payments up to the amount of such compensation received by it; or

(iv) if the Guarantee Holder has failed to submit a Claim for Arbitral Award Default within 18 months from the last day of the Guarantee Period in accordance with Section 10.4, the Guarantee Holder shall repay the Provisional Payments in full, in each case, plus interest at LIBOR plus three percent, calculated for the period from the date MIGA makes the Provisional Payment until the date the Provisional Payment (or relevant portion thereof) is repaid.

**ARTICLE 7. EXCLUSIONS; LIMITATION ON LIABILITY**

7.1 **Exclusions.** MIGA shall in no case be liable for any Loss that is directly or indirectly due to:

(a) any law, decree, or regulation in force in the Host Country as of the Effective Date;
(b) any action, inaction, or omission of the Host Government or any other event occurring before the Effective Date;

(c) (i) any wrongful, dishonest, or criminal acts, or omissions, including Corrupt Practices, Fraudulent Practices, Coercive Practices, Collusive Practices, Obstructive Practices, Money Laundering, or (ii) any violations of any Bona Fide Government Measure, in each case attributable to the Guarantee Holder or the Project Enterprise in connection with the Investment Project;

(d) the non-compliance by the Guarantee Holder, as applicable, or the Project Enterprise with the Performance Standards in connection with the Investment Project;

(e) the failure of the Guarantee Holder or the Project Enterprise to ensure that all documentation relating to the Investment Project has been duly authorized and executed and that the obligations contained therein are legal, valid, binding, and enforceable in accordance with their terms;

(f) the breach by the Guarantee Holder or the Project Enterprise in any material respect of its contractual obligations to the Host Government in connection with the Investment Project;

(g) any action or omission of the Host Government that was agreed to by the Guarantee Holder or the Project Enterprise in connection with the Investment Project;

provided, however, that with respect to Arbitral Award Default, any exclusion set forth in Sections 7.1(e) and (f) shall not apply to the extent that the relevant matter was considered in the Dispute Resolution Procedure and an Award was nevertheless rendered against the Host Government.

7.2 Limitation on Liability. This Contract is based on the Guarantee Holder’s representations and warranties made to MIGA. MIGA shall have no liability for any Loss if either (i) any representation or warranty made or deemed made by the Guarantee Holder in this Contract, the Application for Guarantee, or any other written information provided to MIGA proves to be untrue in any material respect when made, or (ii) the Guarantee Holder omits to provide to MIGA any information material to (x) the Guaranteed Investment, the Project Enterprise, or the Investment Project, or (y) the Covered Risks and Losses addressed by this Contract (“Material Misrepresentation”).

ARTICLE 8. COMPENSATION CALCULATIONS, ADJUSTMENTS AND LIMITS

8.1 Local Currency Value Conversion. If the books and records used to calculate Book Value have been maintained in Local Currency, MIGA shall calculate compensation by converting the Local Currency value of assets and liabilities into Guarantee Currency at the Reference Rate of Exchange for the applicable Date of Calculation.

8.2 Adjustments and Limits. Compensation amounts determined by MIGA:

(a) shall be determined for each Loss by applying the Percentage of Cover and the Guarantee Holder’s Share, as applicable, pursuant to Section 3.2, 4.2, 5.2, or 6.2, and then adjusted in accordance with this Contract in this order:
(i) by applying any Deductible;
(ii) by applying any limit pursuant to Section 8.3; and
(iii) by reduction in the amount of any other payment, recovery, or benefit with respect to the same Covered Risk received or to be received by the Guarantee Holder (or the Guarantee Holder's Share of any such amount received or to be received by the Project Enterprise) from any person or entity, including the ratable portion of the Loss payable by any other insurer or guarantor with respect to such Covered Risk;

(b) shall not in the aggregate for all Losses during any Contract Period exceed the Current Amount of Guarantee for such Contract Period;

(c) shall not in the aggregate for all Losses during the Guarantee Period exceed the Maximum Aggregate Liability; and

(d) shall be zero if the Guarantee Holder submits a Claim for, or MIGA determines the total compensation amount to be, less than $10,000.

8.3 **Limit for Under-Insurance.** If as of the Date of Calculation

(a) with respect to a Loss due to Expropriation or War and Civil Disturbance, either the Total Equity Investment of the Guarantee Holder or the Guarantee Holder's Share of the Net Book Value of the Project Enterprise exceeds the Guaranteed Investment, then compensation is limited to (i) the Loss amount multiplied by (ii) (A) the Current Amount of Guarantee, divided by (B) the greater of the Total Equity Investment of the Guarantee Holder and the Guarantee Holder's Share of the Net Book Value of the Project Enterprise; and

(b) with respect to a Loss due to Arbitral Award Default, the Total Equity Investment of the Guarantee Holder exceeds the Guaranteed Investment, then compensation is limited to (i) the Loss amount multiplied by (ii)(A) the Current Amount of Guarantee, divided by (B) the Total Equity Investment of the Guarantee Holder.

**ARTICLE 9. CLAIM SUBMISSION; TRANSFER AND ASSIGNMENT**

9.1 **Submission of Claims.** The Guarantee Holder may submit a Claim at any time from the Date of Loss to the date 180 days after the end of the applicable Waiting Period. The Guarantee Holder shall submit to MIGA promptly all material evidence available to it from time to time as may be necessary to support the Claim, including:

(a) with respect to a Claim for **Transfer Restriction**, evidence demonstrating the inability of both the Guarantee Holder and the Project Enterprise to convert the Local Currency or transfer the Guarantee Currency, as the case may be, for the duration of the Waiting Period;

(b) with respect to a Claim for **Expropriation**, (i) the Financial Statements of the Project Enterprise, (ii) the audited balance sheet of the Project Enterprise as of the Date of Calculation, and (iii) evidence concerning the actions or omissions of the Host Government constituting the Expropriation;
(c) with respect to a Claim for **War and Civil Disturbance**, (i) in all cases, (x) the Financial Statements of the Project Enterprise, and (y) evidence concerning the relevant Acts of War or Civil Disturbance and their effects; (ii) in the case of Loss of Assets, (x) a list of the individual tangible assets destroyed, damaged, or that have disappeared, and evidence of the events causing such destruction, damage, or disappearance, (y) invoices or other supporting documentation for the Book Value of such assets, and (z) a reconciliation of the list of such assets to the audited balance sheet of the Project Enterprise as of the Date of Calculation; and (iii) in the case of Permanent Loss of Use, (x) all material evidence related to events preventing the Project Enterprise from conducting operations, and (y) the audited balance sheet of the Project Enterprise as of the Date of Calculation; and

(d) with respect to a Claim for **Arbitral Award Default**, a certified copy of the Award.

9.2 **Claim Deemed Complete.** A Claim will be complete when MIGA is reasonably satisfied that it has received all material evidence required to determine the Guarantee Holder’s right to compensation in accordance with Section 10.1.

9.3 **Transfer and Assignment.** As a condition to payment by MIGA of compensation for a Loss, the Guarantee Holder shall, and as applicable shall cause the Project Enterprise to, in accordance with MIGA’s instructions:

(a) with respect to a Claim for **Transfer Restriction**, deliver to MIGA in the Host Country at MIGA’s option (x) in cash, or (y) by check (subject to collection), the Percentage of Cover of the Local Currency that could not be converted or the Guarantee Currency that could not be transferred, as the case may be; provided, however, that MIGA may, in its sole discretion, require that instead of such delivery the Guarantee Holder and the Project Enterprise, as applicable, assign and transfer to and for the benefit of MIGA the Percentage of Cover of all right, title, and interest of the Guarantee Holder and the Project Enterprise in such Local Currency or Guarantee Currency;

(b) with respect to a Claim for **Expropriation**, assign and transfer to MIGA all right, title, and interest of the Guarantee Holder and the Project Enterprise, as applicable, in:

   (i) in the case of Expropriation of Investment, the Percentage of Cover of the Guarantee Holder’s Share of the Project Enterprise (or the portion thereof corresponding to the expropriated portion of the Guaranteed Investment); and

   (ii) in the case of Expropriation of Funds, the Percentage of Cover of the Local Currency or the Guarantee Currency amount, as the case may be;

(c) with respect to a Claim for **War and Civil Disturbance**, assign and transfer to MIGA all right, title, and interest of the Guarantee Holder and the Project Enterprise, as applicable, in the Percentage of Cover of the Guarantee Holder’s Share of:

   (i) in the case of Loss of Assets, the affected tangible assets (other than those that have been or will be repaired); or

   (ii) in the case of Permanent Loss of Use, the Project Enterprise;

(d) with respect to a Claim for **Arbitral Award Default**, assign and transfer to MIGA (x) the Percentage of Cover of the Guarantee Holder’s rights and causes of action, and
(y) the Guarantee Holder’s Share of the Project Enterprise’s rights and causes of action, against the Host Government in respect of such Loss, including the Guarantee Holder’s Share of the Award; and

(e) with respect to all Claims, to the extent not otherwise required by this Section 9.3, assign and transfer to MIGA (x) the Percentage of Cover of the Guarantee Holder’s claims, causes of action, and other rights of recovery, and (y) the Guarantee Holder’s Share of the Project Enterprise’s claims, causes of action, and other rights of recovery, in each case against any person or entity in respect of such Loss.

9.4 No Encumbrances. Each delivery, transfer, or assignment to MIGA pursuant to Section 9.3 shall be made free and clear of any claim, defense, counterclaim, right of set off, liens (including those in favor of senior lenders), security interests, or other encumbrances.

ARTICLE 10. CLAIM DETERMINATION AND PAYMENT

10.1 Onus of Proof. A Claim must demonstrate to MIGA’s reasonable satisfaction the Guarantee Holder’s right to compensation in accordance with this Contract. The responsibility for proving a Loss shall at all times rest with the Guarantee Holder.

10.2 Timing of Determination. MIGA shall determine its liability to pay compensation for a Loss, and shall notify the Guarantee Holder of its determination, no later than 30 days from the later of:

(a) the end of the Waiting Period; and

(b) the date that MIGA deems the Guarantee Holder’s Claim to be complete pursuant to Section 9.2.

If MIGA requests additional information or evidence with respect to a Claim and the Guarantee Holder fails to respond to that request within 90 days, MIGA may deem the Guarantee Holder to have withdrawn that Claim.

10.3 Timing and Currency of Payment; Interest. MIGA shall pay compensation for a Loss in Guarantee Currency not more than 30 days after the date MIGA determines that it is liable to make such payment. Any compensation amount paid by MIGA after such 30-day period shall be paid together with interest thereon to the date of payment at LIBOR plus three percent, which payment discharges all liability for such late payment.

10.4 Deadlines for Claim Submission. The Guarantee Holder may submit a Claim only if the Date of Loss with respect to a Covered Risk occurs during the Guarantee Period (and, if the Contract is terminated pursuant to Section 14.2, 14.3 or 14.4, prior to such early termination); provided, however, that with respect to Arbitral Award Default, if the Dispute Resolution Procedure has been initiated during the Guarantee Period but the Date of Loss occurs after the Guarantee Period, the Guarantee Holder may submit a Claim up to 18 months after the end of the Guarantee Period. In all cases, MIGA shall have no liability for any Loss if a Claim for such Loss is submitted more than 180 days after the end of the Waiting Period.
ARTICLE 11. SUBROGATION; OTHER RIGHTS FOLLOWING CLAIM PAYMENT

11.1 **MIGA Subrogated.** In addition to its rights as assignee under Section 9.3, MIGA shall be fully subrogated, in the amount of any compensation paid for a Loss, plus interest and expenses, to all claims, causes of action, and other rights of recovery that the Guarantee Holder has against the Host Government, the Project Enterprise, or any other person or entity in respect of such Loss. The Guarantee Holder shall not impair or prejudice MIGA’s rights of subrogation.

11.2 **MIGA’s Independent Right.** Nothing in this Contract shall impair or be deemed to be a waiver of MIGA’s independent right to effect salvage or other recoveries (without any obligation to share the proceeds thereof) from the Host Government or any other source.

11.3 **Covenants Following Claim Payments.** Following any payment of compensation for a Loss, (x) at MIGA’s written direction, and (y) in exchange for reimbursement by MIGA of reasonable expenses for which MIGA has given its prior written consent, the Guarantee Holder shall, and shall cause the Project Enterprise to, take all commercially reasonable measures to:

   (a) cooperate fully with MIGA in the administration, preservation, and protection of assets, rights, claims, causes of action, and other interests obtained by MIGA;

   (b) pursue available administrative, arbitral, and judicial remedies arising from the Loss, in cooperation with or on behalf of MIGA, against the Host Government;

   (c) negotiate in good faith with the Host Government, in cooperation with or on behalf of MIGA; and

   (d) pursue other potential sources of recovery for the Loss.

11.4 **Recoveries Held in Trust for MIGA.** If the Guarantee Holder or the Project Enterprise receives any compensation or other financial benefit from the Host Government or any other source for a Loss paid by MIGA, it shall hold the Percentage of Cover of the compensation amount or other financial benefit received in trust for the benefit of MIGA, and the Guarantee Holder shall, or shall cause the Project Enterprise to, promptly pay such amount to MIGA.

ARTICLE 12. REPRESENTATIONS, WARRANTIES, AND COVENANTS OF GUARANTEE HOLDER

12.1 **Affirmative Covenants.** The Guarantee Holder shall, and shall cause the Project Enterprise, as applicable, to:

(e) take all action required to maintain the legal enforceability of all documentation relating to the Investment Project;

(k) apply the proceeds of the Guaranteed Investment solely to the Investment Project;

(l) use all reasonable efforts to preserve and protect the Investment Project and take all reasonable measures, including pursuing administrative, judicial, arbitral, or other available remedies, to avert a Loss, minimize the amount of any Loss that does occur, and obtain compensation therefor, including from any other insurer or guarantor; provided, however, that the Guarantee Holder shall not, and shall cause the Project Enterprise not to, without MIGA's prior written consent, waive any right, claim, cause of action, or other remedy, or accept any offer of compensation for any Loss;

(m) upon reasonable prior notice, permit MIGA, or any authorized representative of MIGA, to visit and inspect the Investment Project and any associated facilities, including to conduct environmental, social, and developmental monitoring of the Investment Project and the Project Enterprise;
(n) provide to MIGA the Development Effectiveness Indicators within 90 days after the end of each fiscal year of the Project Enterprise;

(o) remain eligible for MIGA coverage in accordance with the MIGA Convention; and

(p) bear for its own account and remain at risk for at least the Percentage of Self-Insurance of each Loss.

12.2 Negative Covenants. The Guarantee Holder shall not, without MIGA's prior written consent:

(a) assign, transfer, or encumber any rights under this Contract;

(b) permit the Project Enterprise to undertake any activities other than the Investment Project, with respect to which MIGA's consent shall not be unreasonably withheld;

(c) permit the Project Enterprise to make any material changes to the Investment Project; or

(d) either (x) amend, modify, supplement, or waive any material rights or obligations with respect to, or (y) assign, transfer, or encumber any rights under, any Award, any Specified Project Agreement, or any other agreement with the Host Government related to the Investment Project, or permit the Project Enterprise to do any of the foregoing.

12.3 Representations and Warranties. The Guarantee Holder represents and warrants, as of (except as otherwise provided below) each of (1) the Effective Date, (2) the first day of each Contract Period, (3) the date any Claim is submitted, and (4) the date any compensation is paid, that:

(a) as of the Effective Date only, all information in the Application for Guarantee is correct and complete in all material respects and does not contain any materially false or misleading statements or omissions;

(b) all information provided (other than in the Application for Guarantee) by or on behalf of the Guarantee Holder to MIGA in writing, including in connection with any Claim, as such information may be updated from time to time, is correct and complete in all material respects and does not contain any materially false or misleading statements or omissions;

(e) the Guarantee Holder and the Project Enterprise have obtained and maintained in effect all registrations, filings, declarations, authorizations, concessions and licenses required for the establishment of the Project Enterprise and the implementation of the Investment Project;

(f) except as disclosed pursuant to Section 12.1(i), it has no knowledge after due inquiry of any Loss or Potential Loss; and
(g) with respect to any documentation relating to the Investment Project, as of only
(1) the date of execution of such documentation, and of each amendment thereto,
(2) the Effective Date, and (3) the date any compensation is paid, such
documentation has been duly authorized and executed, and the obligations
contained therein are legal, valid, binding, and enforceable in accordance with their
terms.

ARTICLE 13. PREMIUM PAYMENTS AND COVERAGE ADJUSTMENTS

13.1 **Premium Payments.** The Guarantee Holder shall pay to MIGA in Guarantee Currency
(i) the Total Premium Amount Due for each Premium Due Date, plus (ii) with respect to any
portion thereof not paid when due, the unpaid amount plus interest thereon at LIBOR plus three
percent.

13.2 **Automatic Coverage Reductions.** The Current Amount of Guarantee is reduced for the
remainder of the Guarantee Period by the amount of compensation paid by MIGA for any Loss.

13.3 **Election to Reduce Coverage.** The Guarantee Holder, by delivery to MIGA not less than 30
days before the first day of any Contract Period of a notice in the form of Annex 5A, may
irrevocably elect to reduce for the remainder of the Guarantee Period (i) the Current Amount of
Guarantee, the Standby Option Amount, or both, by a specified amount, and (ii) the Maximum
Aggregate Liability by the same amount, but only to the extent that such reductions do not result
in the Guarantee Holder being under-insured with respect to the Guaranteed Investment. If so
reduced, the Current Amount of Guarantee, the Standby Option Amount, and the Maximum
Aggregate Liability may not thereafter be increased.

13.4 **Election to Increase Coverage From Standby Option.**

(a) If the Guaranteed Investment is to be made over time, the Guarantee Holder, by
delivery to MIGA not less than 30 days before the first day of the immediately
succeeding Contract Period of an irrevocable notice in the form of Annex 5B, (x) may
transfer amounts reflecting expected future investment, and (y) shall, if not already
transferred under clause (x), transfer amounts reflecting all investment actually
made, in each case from the Standby Option Amount, as available, to the Current
Amount of Guarantee, effective as of the first day of such Contract Period.

(b) The Standby Option Amount is reduced for the remainder of the Guarantee Period by
any amounts transferred from the Standby Option Amount to the Current Amount of
Guarantee.

(c) If any Potential Loss occurs before the effectiveness of a transfer from the Standby
Option Amount, MIGA may suspend the Standby Option by notice to the Guarantee
Holder.

(d) If any Loss occurs before the effectiveness of a transfer from the Standby Option
Amount, the Standby Option is automatically suspended until reinstated at MIGA’s
sole discretion.
ARTICLE 14. TERM AND TERMINATION; DEFAULTS AND REMEDIES

14.1 Term of Contract; Continuing Obligations. Unless terminated earlier pursuant to Section 14.2, 14.3 or 14.4, this Contract terminates on the last day of the Guarantee Period; provided, however, that (i) the Guarantee Holder may submit Claims thereafter as set forth in Section 10.4, and (ii) during any period after the Guarantee Period in which there is a Potential Claim, all obligations of the Guarantee Holder, and all rights and remedies of MIGA, under this Contract shall remain in effect until MIGA determines liability for, and if applicable pays, any resulting Claim.

14.2 Termination by Guarantee Holder; Termination Fee.

(a) The Guarantee Holder may terminate this Contract, effective as of the last day of any Contract Period, by delivering a Notice of Termination at least 30 days prior to such date.

(b) If the Guarantee Holder terminates this Contract during the first three years of the Guarantee Period, the Guarantee Holder shall pay to MIGA 50% of what would have been the Total Premium Amount Due for the remainder of those first three years but for such termination, based on coverages in effect at the time of termination; provided, however, that this Section 14.2(b) does not apply to (i) liquidation, bankruptcy, insolvency, winding up, dissolution, or similar measure relating to the Project Enterprise; or (ii) the sale or assignment of the Guaranteed Investment to an unrelated third party.

14.3 Termination by MIGA for Nonpayment.

(a) With respect to the first Contract Period, if the Guarantee Holder fails to pay MIGA the Total Premium Amount Due on or before the Initial Premium Due Date, then MIGA may terminate this Contract effective retroactively to the Effective Date by delivery to the Guarantee Holder of a Notice of Termination;

(b) With respect to each subsequent Contract Period, if the Guarantee Holder fails to pay MIGA the Total Premium Amount Due on or before the Premium Due Date, and that failure continues for 30 days after notice to the Guarantee Holder ("Notice of Nonpayment"), then MIGA may by Notice of Termination terminate this Contract effective as of 12:01 AM Washington, DC time retroactively to the first day of such Contract Period; and

(c) Irrespective of whether a Notice of Nonpayment or a Notice of Termination has been delivered, MIGA shall have no liability for any Loss arising during any Contract Period for which any part of the Total Premium Amount Due was unpaid.

14.4 Contract Defaults; Remedies.

(a) The occurrence of any of the following events constitutes a “Contract Default” under this Contract:

(i) any Material Misrepresentation;

(ii) the Guarantee Holder fails to comply with the confidentiality provisions of Section 16.3;
the Guarantee Holder or the Project Enterprise has at any time in connection with the Investment Project engaged in Corrupt Practices, Fraudulent Practices, Coercive Practices, Collusive Practices, Obstructive Practices, or Money Laundering;

(iv) the Guarantee Holder is in material non-compliance with any other covenant or obligation specified under this Contract, except (A) a default for non-payment under Section 14.3, for which the remedy set forth in Section 14.3 applies; and (B) non-compliance with the obligation set forth in Section 12.1(n); provided, however, that MIGA may, in its sole discretion, grant a reasonable period of time to cure any Contract Default under this Section 14.4(a)(iv).

(b) If a Contract Default has occurred and, if applicable, has not been cured, then

(i) MIGA shall have no liability for any Loss, including in relation to any Potential Claim; and

(ii) MIGA may terminate this Contract by delivering a Notice of Termination, effective as of the date of such Notice of Termination.

14.5 No Premium Refunds. If this Contract terminates for any reason, MIGA shall not be obligated to return any portion of the Total Premium Amount Due previously paid to it.

**ARTICLE 15. DISPUTE RESOLUTION AND APPLICABLE LAW**

15.1 Arbitration Final and Binding. Any dispute between the Guarantee Holder and MIGA arising out of or in connection with this Contract shall be settled by final and binding arbitration in accordance with the MIGA Rules of Arbitration.

15.2 Arbitration Procedures; Applicable Law. The arbitral tribunal constituted under the MIGA Rules of Arbitration shall apply this Contract, the MIGA Convention and, to the extent that issues in dispute are not covered by this Contract or the MIGA Convention, general principles of law. The seat of arbitration shall be The Hague, Netherlands, the language of the arbitration shall be English, and the arbitration proceedings shall be held in Washington, DC, United States.

15.3 Arbitration Award. The award of the arbitral tribunal shall be final and binding and shall be carried out without delay.

**ARTICLE 16. MISCELLANEOUS**

16.1 Survival. The rights and obligations contained in Section 6.3, Articles 10 and 11, Sections 12.3, 14.1, and 14.2(b), Article 15, and Sections 16.1 and 16.3 survive the termination of this Contract.

16.2 Notices. Every notice, request, application, consent, report, approval, or waiver concerning this Contract (including any Claim, any Notice of Non-Payment, and any Notice of Termination) shall be in writing and shall be deemed made when it is delivered (x) by hand, courier, certified mail, or facsimile when transmission has been completed, or (y) in the case of
acknowledgement by MIGA of Premium and other amounts received, by email, to the address for such party specified in Clause 17 of the Special Conditions.

16.3 Confidentiality.

(a) The Guarantee Holder (for purposes of this Section 16.3(a), the “Receiving Party”) shall not at any time, without MIGA’s prior written consent, disclose (x) any terms or conditions of this Contract, or (y) any information (other than Excluded Information) made available to it by MIGA (for purposes of this Section 16.3(a), the “Disclosing Party”) (i) to government regulators in the Host Country, or (ii) to any other third party, other than (A) (i) to the Guarantee Holder’s lawyers, auditors, accountants and financial advisors who need to know such information for purposes of performing professional services for the Guarantee Holder, and (2) to any prospective lenders and rating agencies, in each case on condition that the Guarantee Holder shall require such persons to comply with the terms of this Section 16.3, and be responsible for any breach of this Section 16.3 by any such persons; and (B) to, or as required by, government regulators in the Guarantee Holder's country.

(b) MIGA (for purposes of this Section 16.3(b), the “Receiving Party”) shall not at any time, without the Guarantee Holder’s prior written consent, disclose any information (other than Excluded Information) made available to it by the Guarantee Holder (for purposes of this Section 16.3(b), the “Disclosing Party”) other than to directors, officers, employees, accountants, consultants, and counsel of MIGA and of other members of the World Bank Group, and to reinsurers; provided, however, that MIGA may disclose certain information in accordance with the Access to Information Policy, including:

(i) summary information relating to the Investment Project, including data relating to the developmental impact of the Investment Project, the name and country of the Guarantee Holder, the Project Enterprise, the Host Country, the Guaranteed Investment, the Maximum Aggregate Liability, and the Covered Risks; and

(ii) any environmental studies provided to MIGA with respect to the Investment Project.

MIGA’s degree of care with respect to such information shall be no greater than that which it exercises with regard to its own information of like character.

(c) “Excluded Information” means information that

(i) was available on a non-confidential basis prior to its receipt by the Receiving Party;

(ii) is or becomes available to the public, other than as a result of disclosure by the Receiving Party;

(iii) is obtained by, or becomes available to, the Disclosing Party from any source other than the Receiving Party or any of the Receiving Party’s respective agents or representatives;

(iv) is independently developed by the Receiving Party; or
that the Receiving Party is requested or required in the context of administrative or judicial proceedings or pursuant to applicable law, rule or regulation, to disclose, in which case (A) the Receiving Party shall, to the extent permissible under applicable law, provide the Disclosing Party with prompt notice of such request so that the Disclosing Party, at its expense, may seek an appropriate protective order or other remedy, or waive the Receiving Party’s obligation to comply with this Section 16.3; and (B) if a protective order or other remedy is not obtained, the Receiving Party shall furnish that portion of the confidential information that, in its opinion, it is required to disclose, without liability hereunder.

16.4 Amendments and Modifications. No provision of this Contract may be amended, modified, supplemented, or waived except in a written agreement executed by authorized representatives of the Guarantee Holder and MIGA; provided, however, that either party may notify the other of a change of its notice address specified in Clause 17 of the Special Conditions.

16.5 Waivers. Without prejudice to Article 34 of the MIGA Rules of Arbitration, neither MIGA nor the Guarantee Holder is deemed to have waived any of its rights under this Contract unless expressly so stated in a notice by the party waiving such right to the other party.

16.6 Rights, Privileges and Immunities. No provision of this Contract shall be deemed to waive, modify, or otherwise impair any of MIGA’s rights, remedies, powers, privileges, and immunities arising from the MIGA Convention or other international agreements, or under applicable law.

Annex 2 – MIGA’s Anti-Corruption Guidelines

(as in effect on October 15, 2006)

The purpose of these Guidelines is to clarify the meaning of the terms “Corrupt Practices”, “Fraudulent Practices”, “Coercive Practices”, “Collusive Practices” and “Obstructive Practices” in the context of MIGA operations.

CORRUPT PRACTICES

A “Corrupt Practice” is the offering, giving, receiving or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another person.

Interpretation

1. Corrupt Practices are understood as kickbacks and bribery. The conduct in question must involve the use of improper means (such as bribery) to violate or derogate a duty owed by the recipient in order for the payor to obtain an undue advantage or to avoid an obligation. Antitrust, securities and other violations of law that are not of this nature are excluded from the definition of Corrupt Practices.

2. It is acknowledged that foreign investment agreements, concessions and other types of contracts commonly require investors to make contributions for bona fide social development purposes or to provide funding for infrastructure unrelated to the project. Similarly, investors are often required or expected to make contributions to bona fide local charities. These practices are not viewed as Corrupt Practices for purposes of these definitions, so long as they are permitted under local law and fully disclosed in the payor’s books and records. Similarly, an investor will not be held liable for Corrupt or Fraudulent Practices committed by entities that administer bona fide social development funds or charitable contributions.

3. In the context of conduct between private parties, the offering, giving, receiving or soliciting of corporate hospitality and gifts that are customary by internationally accepted industry standards shall not constitute Corrupt Practices unless the action violates applicable law.

4. Payment by private sector persons of the reasonable travel and entertainment expenses of public officials that are consistent with existing practice under relevant law and international conventions will not be viewed as Corrupt Practices.

5. The World Bank Group does not condone facilitation payments. For the purposes of implementation, the interpretation of “Corrupt Practices” relating to facilitation payments will take into account relevant law and international conventions pertaining to corruption.
FRAUDULENT PRACTICES

A “Fraudulent Practice” is any action or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a person to obtain a financial benefit or to avoid an obligation.

Interpretation

1. An action, omission, or misrepresentation will be regarded as made recklessly if it is made with reckless indifference as to whether it is true or false. Mere inaccuracy in such information, committed through simple negligence, is not enough to constitute a “Fraudulent Practice” for purposes of World Bank Group sanctions.

2. Fraudulent Practices are intended to cover actions or omissions that are directed to or against a World Bank Group entity. It also covers Fraudulent Practices directed to or against a World Bank Group member country in connection with the award or implementation of a government contract or concession in a project financed by the World Bank Group. Frauds on other third parties are not condoned but are not specifically sanctioned in operations of the International Finance Corporation, a member of the World Bank Group ("IFC"), the Partial Risk Guarantee operations conducted by the Project Finance Group of the International Bank for Reconstruction and Development ("PRG"), or MIGA. Similarly, other illegal behavior is not condoned, but will not be sanctioned as a Fraudulent Practice under the World Bank sanctions program as applicable to IFC, PRG and MIGA operations.

COERCIVE PRACTICES

A “Coercive Practice” is impairing or harming, or threatening to impair or harm, directly or indirectly, any person or the property of a person to influence improperly the actions of a person.

Interpretation

1. Coercive Practices are actions undertaken for the purpose of bid rigging or in connection with public procurement or government contracting or in furtherance of a Corrupt Practice or a Fraudulent Practice.

2. Coercive Practices are threatened or actual illegal actions such as personal injury or abduction, damage to property, or injury to legally recognizable interests, in order to obtain an undue advantage or to avoid an obligation. It is not intended to cover hard bargaining, the exercise of legal or contractual remedies or litigation.

COLLUSIVE PRACTICES

A “Collusive Practice” is an arrangement between two or more persons designed to achieve an improper purpose, including to influence improperly the actions of another person.
**Interpretation**

Collusive Practices are actions undertaken for the purpose of bid rigging or in connection with public procurement or government contracting or in furtherance of a Corrupt Practice or a Fraudulent Practice.

**OBSTRUCTIVE PRACTICES**

An “Obstructive Practice” is: (a) deliberately destroying, falsifying, altering or concealing of evidence material to the investigation or making of false statements to investigators, in order to materially impede a World Bank Group investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice, and/or threatening, harassing or intimidating any person to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or (b) acts intended to materially impede MIGA’s access to contractually required information in connection with a World Bank Group investigation into allegations of a corrupt, fraudulent, coercive or collusive practice.

**Interpretation**

Any action legally or otherwise properly taken by a person to maintain or preserve its regulatory, legal or constitutional rights such as the attorney-client privilege, regardless of whether such action had the effect of impeding an investigation, does not constitute an Obstructive Practice.

**General Interpretation**

A person should not be liable for actions taken by unrelated third parties unless the first person participated in the prohibited act in question.

“Money Laundering” means the acquisition, possession, use, conversion, transfer, or concealment of the true nature of property of any description, and legal documents or instruments evidencing title to, or interest in, such property, knowing that such property is an economic advantage from criminal offences, for the purpose of (a) concealing or disguising the illicit origin of the property; or (b) assisting any person who is involved in the commission of the criminal offence as a result of which such property is generated, to evade the legal consequences of such actions.

Annex 3C – Development Effectiveness Indicators

As a member of the World Bank Group, MIGA tracks development outcomes of projects supported. This Annex serves as a means for updating data estimates that were previously provided by the Guarantee Holder to MIGA during the underwriting process. MIGA requires that the following indicators be submitted annually in order to monitor and track the development outcomes of the Investment Project during the Guarantee Period.

The Guarantee Holder or Project Enterprise is to complete the table below. Indicator definitions are included for reference purposes and best estimates are acceptable. All financial values should be denominated in Guarantee Currency.

**Definitions:**

Direct Employment: Total number of employees working directly for the Project Enterprise as of the end of its fiscal year. The unit of account is a permanent full-time equivalent paid job. To be treated as permanent, the job should have a life expectancy of at least one year at the time of forecast. Part-time jobs are converted to full-time equivalent jobs on a pro rata basis with anything over 30 hours/week treated as full time. If the information is not available the rule-of-
thumb is two part-time jobs equal a full-time job. Seasonal jobs are incidental to the operation. However, if the Investment Project relies heavily on seasonal jobs, as in the tourism sector for example, they should be included on a pro rata basis, a three-month job becoming one-quarter of a full-time equivalent job (i.e., four jobs for three months equals one job on an annual basis).

**E&S Management Systems:** The indicator refers to the Project Enterprise’s E&S Management System and tracks whether the Project Enterprise is compliant with Performance Standard 1 and has an E&S Management System active and in place.

**Female Employment:** Total female employment as a percentage of total employees in the Project Enterprise. This is a sub category of employment and so definition of total direct employment as described above should be used in this calculation. Subcontractor employment should not be reported.

**Purchases from Domestic Suppliers:** The annual purchase of goods and services of the Project Enterprise from local suppliers (including raw materials, civil works, engineering and installation, security, gardening, cleaning, and marketing and research from local companies). This will exclude utility bills, government-provided services and imports handled through a local facilitating agent.

**Taxes and Fees:** All transfers to all levels of the government made by the Project Enterprise or its parent on its behalf, including: income or profit taxes, sales, and excise taxes, and VAT receipts. Other payments collected by the government include royalties, bonuses, dividends, management/concession fees, share of profit, licensing, permitting, etc. Specific subsidies to the Project Enterprise should be deducted.

2. The only issues to be reviewed by the expert appointed by the ICC are the allegations forming the basis of the Dispute Resolution Procedure between the Guarantee Holder or the Project Enterprise and the Host Government. Any findings of the expert are rendered solely for the purpose of assisting MIGA in its decision whether to make a Provisional Payment. The expert’s advisory report is not binding on MIGA and is of an advisory nature only.

3. The Guarantee Holder shall pay all fees and expenses incurred in connection with the administered expertise proceedings.

4. All documents prepared or produced in connection with the administered expertise proceedings, the statement of the expert’s mission, and the expert’s report and findings are confidential in accordance with Section 16.3 of the General Conditions. Such materials shall not be used or produced by any of the Guarantee Holder, the Project Enterprise, or MIGA in any proceeding with any third party unless such use or production is duly compelled in connection with such proceeding.
